## MOUNTED RIFLES IN THE WEST.

Apropos of the visit of Lieut.-Col. Evans to the west in connection with the organization of troops of Mounted rifles the Free Press says:

"Lieut.-Col. Evans, D. O. C., was seen in his office at the barracks on Monday in regard to his recent trip west, and in reply to queries stated that he had been out organizing a corps of Canadian Mounted Rifles. Two squadrons have been organized in the Territories, one at Medicine Hat, one at Calgary, and preliminary steps have been taken to organize a squadron at Macleod. Col. Evans also stopped at Regina in connection with the work. These squadrons for the present will be organized on a reduced scale and will consist of three officers, one trumpeter and fifty non-coms. and men. The squadrons will be sub-divided into two troops to consist of one lieutenant, two sergeants, two corporals and twenty privates each. The remaining officers and non-coms. will be one captain, a squadron sergeant-major and a quartermaster sergeant, making a total strength of fifty-four to each squadron. In the Territories, to which the militia is now being extended, Col. Evans states that very great interest was shown in the matter and five times as large a force could easily be organized. A large proportion of the officers of the new force will consist of those who have served in South Africa during the recent campaign. Col. Evans says that in addition to the points named applications have been received from nearly all of the chief towns in the provinces and the territories asking for the organization of a squadron and it is hoped that the government will see fit to largely increase the force within the next two years, as the territories and province have furnished a large proportion of the men from Canada who served in South Africa."

There is no valid and apparent reason why Edmonton should not have been the headquarters for one of the squadrons of Mounted Rifles. Northern Alberta, though the number of available men within the district was scarcely drawn up to any noticeable degree, furnished no small quota of recruits for the Canadian forces which did service in the Transvaal. To these men it is by no means flattering that while their companions from other parts of the Territories are banded in permanent corps and will have an annual drill reunion, they are at present at least left without any military organization, forged in the鍒ion of round of solidifying the knowledge of self-discipline they acquired in South Africa. In the establishment of what would appear from the remarks of Lieut.-Col. Evans to be possible, but the first of several squadrons to be formed in the Territories' in the course of time, it would seem but fair that these should be distributed as far as possible so as to provide opportunity for enlistment to as many as possible of those who already have some knowledge of military affairs from active service. Neither is there in evidence any suggestion of inferiority of men from this district either in enthusiasm or ability as compared with men from other parts of the Territories. It is to be hoped as Col. Evans says that "the government will see fit to largely increase the force within the next two years, and that in the increase the merits of the men of Northern Alberta will not be disregarded."

INTERESTING NOTES  
OF THE DISTRICT.

The following letter, written by Dr. Whitlaw, appears in a recent edition of the Guelph Mercury. Though much of the information contained therein has already appeared in the Bulletin, we reproduce the letter, as it contains information of great interest to any one seeking knowledge of the country, and figures about the district making it a useful and valuable immigration article. As there is no pamphlet in existence suitable for mailing to enquirers, we have had printed a few extra copies of this edition which we shall be glad to distribute, while there are any left.

As far as the Edmonton district is concerned this year, there is a greater extent than ever before, receiving the attention of those who are living under comparatively unfavorable circumstances elsewhere, who are desirous of westward movement. To emigrating, it may not be an appropriate season for me to review briefly the history and progress of Edmonton and surrounding country during the last year of the century.

What it has been has a highly satisfactory year in every respect, no one who wishes to be strictly truthful will affirm, but from the standpoint of comparison, nevertheless, it may quite properly be stated, that Edmonton district has been less unfortunate than any other part of our

great western domain. Manitoba and a large part of the Territories suffered from extreme drought during the growing season, and as a result the crop was almost a total failure. Northern Alberta in general, on the contrary, experienced an unusually wet and disagreeable summer with which followed a continual yield of grain, probably one-half, and lowered the quality especially of the wheat, nevertheless by no means caused a total failure, but rather the loss of about half of what would have been an unusually large yield of grain. Up till the 25th of August the prospects of reaping the heaviest crop ever produced here were very bright, and though temperatures were great, the average temperature was 29 degrees below zero, the average of the lowest points reached during the 44 days referred to being 11 degrees below. The total snow fall for December was 5 inches, all of which subsequently disappeared by January, 4.5 inches for February, nil; for March, not recorded in report, about 6 inches on March 17th, which entirely disappeared in less than a week. The first two and a half weeks of March were absolutely summer-like, and when the ladies had begun to use their bicycles on the streets, when the snow fall of March 17th had disappeared for a season. To the 24th, the streets were again smooth and skates are again in use. During the whole winter we have had only one slight rain-fall, which was a decided novelty to us, no snow, no sleet, or rain, and even the low temperature remained easier borne in this dry, still, crisp air than a zero temperature accompanied by the damp, penetrating breeze of yesterday.

## TELEGRAM ABOUT THE RAILWAY.

The board of trade, at their meeting Tuesday sent a telegram to the minister of public works urging on him the necessity of immediate action in the matter of giving the railway company authority to cross the bridge, and asking for a reply. Wednesday the following reply was received from the minister:

May 1st, 1901.

"J. H. GARRETT,  
Pres. Ed. Board of Trade.  
Company is being communicated with and being informed under what conditions they may cross the bridge."

## J. ISRAEL TARTE."

RACING EVENTS AT THE FAIR.

The race committee of the Industrial Exhibition met Tuesday night to arrange the racing programme for the big July fair here. The following events and purses were decided:

Fri. 21st.	\$200.
Trot, 2.5.	150.00
Trot, 2.45.	125.00
Trot, 3 minute.	100.00
Farmer's trot.	50.00
Stallion trot.	150.00
Ground race.	150.00
1.8 mile dash.	100.00
5.8 mile dash.	100.00
1.2 mile heats.	150.00
Novelty (\$25 each quarter).	60.00
Farmer's trot if rain, 100.00	60.00
Open, 1 mile, heats.	40.00
Ponies, quarter mile, heats.	40.00
Indiana race.	30.00
Square race.	10.00
5.8 mile dash, Alberta bred.	100.00
3.8 heats, open.	100.00
1.8 heats, open.	150.00
Named race, run.	150.00
Named race, run.	150.00

In all events 60 per cent of the purse goes to first winner, 25 per cent to second, and 15 per cent to third.

Four to enter and three to start.  
All races, unless otherwise specified, are under the rules and regulations of American trotting association.

Bobt. Jaffrey, President of the Cow's Eye Coal Company says, Thursday last he is down on his way from the coast. He speaks encouragingly of the prospects of the mining region, and says it will develop wonderfully if railway connection is given to the south. The thing that is wanted is a market for the coal of the region, and when the market is opened, the influx of population to the mining town will be the means of furnishing a market for the products of the mining country. It is to the south that the market is open, and these people want our coal. Mr. Jaffrey says there will be 10,000 people where now there are 2,000. While in Medicine Hat Mr. Jaffrey was shown the principle points of interest. He was here before there was a town—Medicine Hat News.

## Bicycle Repair Shop

Our Bicycle Expert, Mr. C. E. Morris, with our thoroughly equipped repair shop, is prepared to turn out first-class work with dispatch.

## Bicycle Livery.

A good line of livery wheels for hire at easy rates.

This department of our business will be kept open until 10 o'clock p.m. for the accommodation of cyclists.

## BICYCLE SUNDRIES

We carry in stock all kinds of Bicycle accessories, comprising Tires, Rims, Hubs, Frames, Spokes, Spokes, Handles, Cranks, Tires, Peddles, Luggage Carriers, Saddles in six styles, Gears, Buffers, Lacing Cord, Bells, Lamps, Whistles, Brackets, Pumps, Oils, Cements, and numberless articles used in bicycles.

## TOWN COUNCIL

A rather unimportant and comparatively brief session of the town council was held on Wednesday night, all councillors being present. The Mayor being absent, Coun. Brown presided at that meeting.

The secretary of the fire brigade inquired why the promised alterations in the hall had not been carried out, as asked for by the brigade, and stated that there were several prospective meetings waiting to join the session in the accommodation. It was agreed that the hall itself furnished a proper proof that the promised alterations were under way, the secretary was so advised, and the letter typed.

"I must warn you against the premature discharge of patients from the quarantine hospital," wrote Dr. Patterson, and he mentioned the case of a patient who had been discharged before the scales had completely dropped and before the patient had fully healed. His letter was referred to the health and relief committee.

Two letters and a telegram from Frank Oliver, regarding the railway extension were filed. The letters have already been answered.

On behalf of Dr. Roy, Short & Cross demanded from the town \$75 being amount deducted from salary of Dr. Roy on his being released from position of physician in charge of the quarantine hospital. As an adjustment had been in computing the amount due Dr. Roy, and as the council decided he was rightfully entitled to \$50, it was decided to tender his solicitors the amount.

John Walker made application for a renewal of his ferry license for a ferry at his mill. His request was granted, the conditions being the same as last year.

J. R. Brenton offered to make and operate a new tank. His proposal was favorably received, but, it was inasmuch as the council thought it was a little early in the season yet, the offer was laid on the table for the present.

There have been complaints about the quality and quantity of water supplied to the long suffering public. The customers kicked to the watermen and the watermen passed it on by kicking to the council over the tank management. Correspondence "was read from the watermen from the town of G. A. Gouin, and from J. A. Powell. From all of this it appeared that the water fadine had been due to the ice breaking off some of the river piping, while the remaining cause of the water, about which complaints had been made, was caused by the filtering tank leaking, necessitating it being caulked before it could be used. As the matter complained of were being adjusted as speedily as possible, the correspondence was filed.

Coun. Morris, chairman of the board of works, reported that the hole on 5th street, leading to the public hospital had been filled up at a cost of \$85.

On behalf of the assessment committee, of which he was one, secretary-treasurer Kinnaird announced that the assessment committee for 1901 had completed its labors. The assessment for 1901 was \$1,500,000, \$34, an increase over last year's assessment of \$266,763. The court of revision sits on the 22nd of May, to hear appeals against assessment.

The secretary-treasurer also reported that the contract for alterations to the hall had been let to K. A. McLeod, his tender of \$298 being the lowest.

The medical health officer's report showed that there were now only five cases of infection in the infectious hospital, all but one of whom would be leaving the work. There was one house in town quarantined, and no fresh cases reported. The report was filed.

Cou. Lee reported he road to Doveton mill and had experienced some difficulty in getting road in some way across private property. He was awaiting reply from the Methodist parson.

The engineer will be supplied with the information he asked for, Cou. Henry having power to make a road.

Cou. Brown, Lee and Morris were appointed a special committee to consider the proposed amendments of the fire by-law.

The following accounts were passed: Town clerk's salaries, April, \$383.33; G. J. Kinnaird, expenses, 1899, \$100; Geo. Hoy, searches, 5.00; G. J. Kinnaird, stationery, 5.00; Bulletin Co., printing and ad., 21.50; Post, street labor, 4.38; G. H. Graydon, fire dept., sundries, 1.50; J. H. Morris & Co., salt, 2.40; J. A. Powell, water, 4.23; C. Turgeon, filling tanks, 4.00; Fire Dept. supplies, 4.50; Mrs. Folley, work, 4.50; G. H. Graydon, drugs, 3.80; Gallagher-Hull Co., meat, .75; J. H. Morris & Co., 11.80.

## CONFERING GREEK

New settlers: Mr. and Mrs. Rowell, and daughter, and Mr. Edgar Rowell, from Michigan to the Creek.

Birth: The wife of Mr. William C. Kennedy, a son, Saturday last, the 27th.

Mr. Suzzart has returned to his farm after spending the winter with his family at Strathcona.

Service was held Sunday morning by the Rev. Parnell, in the afternoon by the Rev. W. H. Nugent.

Mr. Harding is visiting at Edmonton.

Spring is in full swing.

The field mice which proved so troublesome last year, seem to have died off.

W. Buckell was returned to his farm. The enumerator, Mr. Frank Clifford, has finished and left for Edmonton yesterday with his returns.

Mr. Suzzart's saw mill has closed down until next year.

Ed. O'Neill, of Leduc, passed through here yesterday from Pigeon lake where he had been taking the census.

L. Postell is visiting at Strathcona for a few days.

May 2nd.

Small pox continues with unabated virulence at Frog lake and Egg lake. At the latter place three deaths occurred on Sunday—that of Mrs. McLean, a son and a daughter.—Battleford Herald.

The Calgary board of trade is inviting the members of parliament, inviting them to come west this summer on the cause of the session. The co-operation of all boards of trade is being asked for.

## PUBLIC HOSPITAL MEETING

The dinner of the public hospital on Tuesday evening in the office of the secretary.

Messrs. Shedd & Campbell were appointed collectors for the hospital to solicit subscriptions on its behalf and give receipts for money received.

Messrs. Mc Cauley, M. L. A., left for Regina Wednesday to be present at the opening of the Legislature.

The total assessment for the City of Brandon, Manitoba, is only \$250,000 greater than that of Edmonton.

A seven and a half pound salmon trout was caught by Ed. Graham at the mouth of Milk Creek Wednesday night.

For the month of April there were registered in the vital statistics office here six deaths, eight births and two marriages.

Material alterations are being made in the internal arrangement of the upper story of the hall, giving the firemen better accommodation.

Rev. W. O. Rothney came from Brandon on Wednesday. Mr. Rothney's son, Sunday will be observed as Hospital Sunday in the Baptist church.

## THE LAST RITES

The funeral of the late Mrs. D. W. Macdonald, whose untimely death we briefly mentioned in this issue, took place Tuesday at the Edmonton church. Prayers were offered up at the late residence of the deceased, only the relatives and a few friends being present. The casket lay wreaths and crosses sent by sympathizing friends, among them being a beautiful wreath of white lilies sent by the choir of All Saints' church of which the deceased had been a member.

After prayers had been said by Rev. Mr. Gray, the body was conducted to the church, the casket being carried to the waiting hearse by the pall-bearers, Messrs. J. H. Morris, W. R. Richardson, W. A. Griesbach, R. G. Richardson, E. Raymer and O. H. Hubbard.

From the church the cortège moved to All Saints' church and the solemn tolling of the bell was taken up the aisle and placed before the chancel rail.

The "Resurrection Morn," "Now let us sing," "Thou Thy Servant Depart in Peace," was sung by the choir.

After the service the funeral procession was reformed and proceeded to the Edmonton cemetery where the remains were laid in their last resting place, the burial service being read by Rev. Mr. Gray.

## FOOTBALL

An organization meeting of the football club was held in the evening room Wednesday evening. There was a good attendance and the interest displayed promises well for the success of the club.

The officers elected were: Honorary president, K. W. MacKenzie; patron, W. S. Edwiston; president, J. B. Mercer; sec-treas., W. Ramsay; committee of management: Messrs. Hanna, Morris, McLean.

The captain and referee will be chosen on the first night's practice.

Selection of the club colors was left to a committee.

Friday was set as special practice night.

## MEETING RE MOUNTED RIFLES

With a view to establishing a corps of Mounted Rifles here a meeting was held in the council chamber on Tuesday evening. Mr. H. H. Hocken was chairman and Mr. A. C. Kinnaird, secretary of the meeting. It was decided to memorialize the minister of militia and defence urging on him the desirability of forming a Mounted Rifles corps and the steps necessary to be taken following motions were put and carried.

Griesbach—Hench—That it is the opinion of this meeting that the Edmonton district could easily support a corps of Mounted Rifles and that the formation of Mounted Rifles should be established here.

Spratt—Lauder—That a resolution be drafted and forwarded to the Honorable Minister of Militia citing the reasons for the formation of and praying that a volunteer corps of Mounted Rifles be established here.

The following communication was also forwarded to the minister.

"At a largely attended meeting of the citizens of Edmonton the following resolutions were unanimously passed in accordance with the will of the meeting the same are herewith forwarded to you.

"On the 18th of October, 1894, at a similar meeting similar resolutions were passed and a petition to your government praying that a corps of Mounted Rifles be established at this point. On the 30th of October the memorial was forwarded signed by over one hundred and fifteen men who had been in the service. In a letter dated the 8th of November, 1899, you undertook to give the matter your consideration and so the matter rested until the latter part of December, '99. The volunteers were called for for Canadian Mounted Rifles for service in South Africa and many of the men who had signed the memorial above mentioned, enlisted and served in that regiment.

"The Edmonton district furnished a full troop of men and horses to the Canadian Mounted Rifles and 30 men to Strathcona's Horse, and Fort Saskatchewan's Horse, 18 miles away sent 15 for the C. M. R. and 3 for Strathcona's Horse. At the large attended meeting last night there was a large attendance of men of these two corps and it is not unusual of these to meet and pray for the safety of those who are serving in the field.

The citizens of Edmonton, therefore, beg again to lay this matter before you for your consideration trusting that their record in furnishing men for active service will cause you to look favor upon the proposition."

## BIRTHS

Deaths—At Edmonton, Tuesday, April 30th, the wife of Jas. Ross, of a son.

Ed. O'Neill, of Leduc, passed through here yesterday from Pigeon lake where he had been taking the census.

L. Postell is visiting at Strathcona for a few days.

May 2nd.

Small pox continues with unabated virulence at Frog lake and Egg lake. At the latter place three deaths occurred on Sunday—that of Mrs. McLean, a son and a daughter.—Battleford Herald.

The Calgary board of trade is inviting the members of parliament, inviting them to come west this summer on the cause of the session. The co-operation of all boards of trade is being asked for.

## LOCAL

The Woman's Hospital Aid society meet in the council chamber Monday afternoon at three o'clock.

The court of revision for the hearing of appeals against the 1901 assessment will sit on the 22nd May.

M. Mc Cauley, M. L. A., left for Regina Wednesday to be present at the opening of the Legislature.
